CENTRE HOSPITALIER DE LUXEMBOURG
SERVICE OF PAEDIATRICS AND NEONATOLOGY

Luxembourg, the 11.09.2012/RS-ma

Concerning :

***Second child**
***information and DOB**
***First child *DOB**
***Third child *DOB**

CERTIFICATE

I signee, Doctor in Medicine, certify having examined the three children
*Second child, *First child and *Third child the 29.03.2012

I did not see any sign of abuse on *First child, born the *DOB, or at
*Third child, born the *DOB. I did not insist examining *Second child,
born the *DOB, because this one seemed quite agitated, running from
his father to his mother and obviously I did not want to approach too
close.

I therefore request that the child may be seen by a psychologist or an
psychiatrist to understand whether this behaviour had a precise
meaning.

Letter made at the request of the mother and sent to be used in that
law.

Dr R* S*
